### NSG's Anti-fog Glass Featured in New Toyota Sienta

Tokyo, JAPAN (September 13, 2018) – NSG Group announced today that its anti-fog glass will be featured in the recently launched new Toyota Sienta models with Toyota Safety Sense. Fogging is prevented by NSG's hybrid coating technology which applies both organic and inorganic material.

Toyota Safety Sense is an advanced active safety package for preventing accidents. The anti-fog glass is expected to keep the windshield clear for the camera installed as part of the collision avoidances.
